

## **COVID-19 affects more than health.**

---

***COVID HELP, a free online tool, helps Illinoisans  
get legal help during the pandemic.***

---

Since the pandemic began, there have been efforts to provide relief to those who have lost their income. As several of those relief efforts have ended or will end soon, legal professionals are anticipating a record number of evictions, foreclosures, and debt lawsuits.

**COVID HELP** (Housing and Economic Loss Prevention) is a statewide initiative to provide no-cost legal guidance and representation to Illinoisans experiencing common legal problems due to the COVID-19 pandemic.

Illinois residents can access free legal assistance 24/7 at [COVIDhelpillinois.org](https://covidhelpillinois.org), from their smartphones, tablets or computers.

**COVID HELP** helps people with their most pressing legal issues. COVID HELP assists with:

***Evictions, Foreclosures, and other housing issues  
Personal Debt and Bankruptcy  
Employment and Unemployment  
Wills, Estates and Guardianships***

**Many legal problems are not simple and with the law  
changing often, people need up-to-date information.**

---

**COVID HELP** and its virtual legal assistants were created by a collaboration of CARPLS Legal Aid, the Lawyers Trust Fund, the Lawyers' Committee for Better Housing, The Chicago Bar Foundation, the Westside Justice Center, Illinois Legal Aid Online, and many other organizations providing free legal services around the state.
